

WEIGH2FLOW

Smartphone application for **monitoring the flows of your conveyors in real time.**

STAY CONNECTED TO YOUR PRODUCTION TOOL

- ▶ Thanks to the **Weigh2Flow** smartphone app and the **i40 BS Connected**, keep an eye on your production wherever you are.

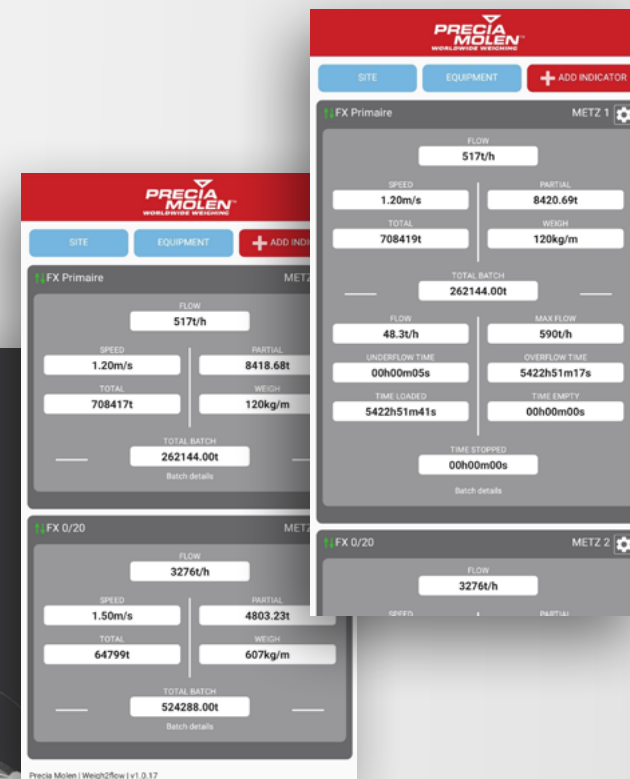

- ▶ Track **your activity in real time** with a refresh of data every 7 seconds.

- ▶ Administer up to 20 scales at several separate production sites in your hand.

- ▶ Filter your data by equipment or production site in a few clicks.

- ▶ Totally **Free** and **without subscription**.
